### 3. Abstract (English)

Thanks to our participation in Netques, the University of Castilla-La Mancha and the University of Valladolid (both in Spain) we have created and developed from July 2013 a national project named in Spanish “Logopedia ProLingua: Proyecto para la promoción y la internacionalización de la Logopedia”, that is: “SLT ProLingua: Project for the promotion and internationalization of the Speech and Language Therapy”.

This brand new project tries to plan actions directed to promote the discipline, the profession as well as work for building an international frame to grow up.

A first meeting with students took place in UVA campus Valladolid (16.10.13) and a second one in UCLM campus Talavera, Toledo, both in Spain, (6.11.2013), to introduce the project to the SLT Degree students.

### 4. Keywords

ProLingua Project. Students meeting.

### 5. Evidences of Exploitation: Please, add whatever information you consider interesting to explain/justify the action.

Attached you will find the following files:

1. [Announce of the meeting](#)
2. [PwP presentation \(in PDF\)](#)
3. Below: Pictures from the meeting, including UCLM teachers and student interested in the ProLingua Project.

### 6. Other relevant information you would like to add:

We think this is not a Netques ending, but a new beginning, as we are trying to continue the Netques Project spirit in the Spanish Logopedia ProLingua Project, so it is, from our point of view, an example of Exploitation.

**Thanks for your help and contribution!**
